

EMERGENCY PROCEDURE: MEDICAL EMERGENCY

These procedures pertain to all complexes managed by
Infinitum Real Estate Management Solutions

General Disclaimer: The information presented by Infinitum is not intended to replace the advice of a specialist in the field of service delivery. This document is rather intended to help inform our clients of emergency issues. The information found on this document should be used as a supplement to the learning process, not as a complete definite reference or tool. If you require a more extensive emergency plan, please contact your relevant emergency service providers for more information.

Here's what you should do if you ever have a medical emergency:

1. If appropriate remove any persistent threat to the victim. This will however naturally depend on the nature of the event. Do not move the victim unnecessarily, do not waste time.
2. The next step is to contact the emergency services department to report the incident.
